Merchants acknowledge and accept that prior approval from the carrier
is required for cargo release

***** VGM *****

In line with SOLAS regulations it is a mandatory requirement to supply
a VGM ahead of shipment.

It is recommended to provide the VGM as soon as it is available but no
later than the VGM cut-off date listed on this booking confirmation.

Where a VGM is not available at the time of VGM cut-off, short
shipment may occur with any subsequent costs remaining for the account
of the cargo.

In all instances it remains the shippers responsibility to arrange VGM
via the appropriate means.

A number of terminals will require a VGM ahead of the container(s)
arrival making the VGM cut-off date obsolete. Those terminals will be
highlighted on page 1 of this confirmation.

To ease and expedite the booking process, we have introduced
Hapag-Lloyds Smart Web Booking on August 1, 2021. It indicates the
voyages that are still available for booking requests. Please review
available space on vessel / voyages prior to requesting amendments to
bookings.

Legal Terms

All dates/times are best reasonable estimates and may change. The booking confirmation is subject to sealing of container with high security seals by shipper. Container stowage on vessel is in Carrier's discretion. Carrier operates under its Bill of Lading/Sea Waybill terms and conditions to be provided upon request or displayed in any of Carrier's/its agent's offices or under www.hapag-lloyd.com, containing liability limitations deviating from German law. As to VGM, CL 12.2 applies and shipper agrees that submission of VGM by third parties on his behalf shall be deemed authorized if such message shows: Match of container and shipment number, name of responsible party (shipper) and person authorized by shipper. Carrier may ask for further information due to country requirements and relies in the correctness of the transmitted data. Carrier will not verify authorization or VGM. Shipper shall monitor its VGM on www.hapag-lloyd.com/en/my_shipments.html and shall notify Carrier promptly if VGM is not correct.
